

## Décireur Dégrasant / Degreaser

### Description

Harmony Degreaser is a concentrated, alkaline, water-dilutable cleaner for manual or mechanical removal of waxes.

Thanks to the combination of solvent for dissolving and softening, for saponifying and dispersing of alkalis and finally for dissolving solvents, this remover is also a strong degreaser, removing soot, grease and all water insoluble soils.

Glass, faience, stone, plaster and metal remain unharmed.

### Characteristics

Type: Solvent / alkaline detergent.

Colours: yellow

Packaging: 10 l

Dosage: 1 litre for 2 litre of water (when applied as a solvent)

1 litre for 4 litre of water (if used as a cleaning agent)

Storage: 6 months in unopened original packaging, stored in a dry and frost-free location.

Biodegradable

Non-flammable

Guarantee: Manufacturer's liability

### Tools & Cleaning

Brush (a fine and a coarse brush), spray gun with Viton seal, gloves, protection-goggles.

Clean tools in water after use.

### Application

Harmony Degreaser can be applied cold or warm.

Depending on the condition of the surface to be cleaned, dilute 1 litre Harmony Degreaser with 2 to 4 litres of water.

Apply the material with the spray gun or a brush.

Allow to soak for a few minutes (5 to 10 minutes).

Rinse thoroughly with clean, hot water.

The process can be repeated several times until the desired result is achieved.
