

## DATA SHEET

# Enviro Vernis / Impregnating varnish

### Description

Harmony impregnating varnish is a water-based impregnating agent that protects, beautifies and renews all printed concrete outdoor-surfaces.

### Characteristics

Type: one-component resin emulsion in aqueous phase

Colour: White/transparent

pH: 3-4

Packaging: 1 l, 5 l, 20 l

Dosage: 1 l = 10 - 12 m<sup>2</sup> per coat

Storage: 12 months in unopened original packaging, stored in a dry and frost-free location.

Guarantee: Manufacturer's liability

### Tools & Cleaning

Roller, spray gun, gloves.

Clean tools in water after use.

### Preparation

The base surface must be resistant, sound, solid, clean, dry and free of humidity.

Use Harmony Neutral Agent or Harmony Degreaser for any cleaning required (to remove grease, oil etc).

Caution: When using this paint on exterior concrete on a printed concrete, first check that the floor has not been worked with a curing product. If so, we recommend stripping the existing cure product with Harmony Décap Curing Agent.

## Application

Application temperature: Minimum 10 °, Maximum 25 °.

Apply a thin, even film with a microfiber mop or sponge.

Respect the dosage: 1 litre per 10 m2.

Drying time: After 2 - 3 hours, another coat can be applied.

Dosage: 1 litre per 10 m2.

The information included in this data sheet is derived from our knowledge and experience of products. In the light of the wide range of potential uses and forms of application, together with constraints associated with conditions of application or subjective conditions, the data contained herein are provided for information only, and have no legal value. Before any application, it should be checked that the present data sheet has not been superseded by a subsequent version. Version of 16/10/2018. [www.harmony-beton.com](http://www.harmony-beton.com)
